LESS® Army Stretcher Kit complete

Support Medical Civil-Military Interface.

LESS® Army Stretcher Kit complete comprises of one Stretcher Trolley (5 stretchers) and one Blanket Trolley (10 blankets). The two can be moved separately or hooked up and strapped together. Products are designed for LEAN evacuation and according to TCCC principles.

LESS® Army Stretcher Kit complete is a functional solution designed for fast deployment of stretchers to a scene of accident with multiple injured. Both the stretcher kit trolley and the blanket trolley are equipped with robust wheels and sliders. The mobility allows one rescue worker to, without difficulty, carry a complete stretcher kit into the scene, even in rough terrain.

LESS® Army Blanket Trolley contains 10 LESS® Army Blankets compliant with ASTM D-4151-92.
